The appointment of receivers for two Baltimore trust companies was the impelling causes of the selling. Weakness was in evidence from the opening, and, in tact, before that, London sending a decidedly lower range of prices as a result of the early trading there. It is probable that the weakness of Americans in London emanated from Baltimore, as one of there trust companies made an effort to secure a loan in London last week, thus offering that center advance knowledge of the trouble. London also professed renewed apprehension over the war cloud. In the Far East, and rumors came over the cables that the trouble at the last week settlement, which was tided over, was likely to crop out again.

London sales in New York, as a consequence, were heavy, being estimated among the foreign houses at as high as 50,000 shares. How far the Railinge to crop out again.

COTTON MARKETS.

NEW YORK, Oct. 19.—The cotton market opened steady at an advance of 164 points on the three near positions, while the later months were unchanged to 2 points lower.
